

GDPR-customized camera surveillance stickers

Did you know that from the time GDPR entered into force, you must, among other things, specify who has access to the camera images. In Seriline's online portal [Serix Online](#), you can easily order stickers with your own information on them.

Higher requirements to inform

The requirements to inform are more extensive than before. If you have camera surveillance, you must put up signs or inform about the surveillance in some other way. The information must now contain information about:

- Who you are as a camera operator (company name)
- The purpose of the camera surveillance
- Indicate whether the camera surveillance takes place with or without sound recording
- Contact details to your company

The camera surveillance is
executed by DemoBolaget AB

Information about treatment:
The material is stored for 14 days

Purpose of the surveillance
In order to prevent and investigate crime.

Contact details:

DemoBolaget AB, Box 1, 123 45 Staden, 010-100 10 10

For more information:
